I.

INTRODUCTION

On or about September 5, 2007, an entity operating under the project name "Southwest Law Enforcement Training Enterprise" filed a general application with the City of San Diego's Development Services Department ("DSD") to conduct "Tenant Improvements" at 7685 Siempre Viva Road located within the Otay Mesa Development District (the "building" or "site"). Exhibit "A" to the Declaration of Afsatteh Ahreadi, filed contemporaneously herewith. The existing use

1 identified on the application was warehouse with offices. The proposed use identified on the
2 application was identified as "same (no change)." The purpose of the application was to
3 construct 44 feet of new partitions in existing office space. Accompanying the application was a
4 signed Hazardous Materials Questionnaire where the applicant disclosed that there were no uses
5 of explosives or blasting agents or other health hazards associated with the activity. The
6 application identified the Lessee or Tenant as "Southwest Law Enforcement Training
7 Enterprises" with an address in San Diego.

8 On or about February 7, 2008, another general application was submitted to the City of
9 San Diego's DSD to conduct electrical work at the building for a project entitled "South West
10 Police." Exhibit "B" to the Declaration of Afsatteh Ahreadi, filed contemporaneously herewith.
11 The scope of the work included the installation of two new air conditioning units and six exhaust
12 fans.

13 On or about February 7, 2008, a separate General Application was also submitted to DSD
14 for structural work for this same site. Exhibit "C" to the Declaration of Afsatteh Ahreadi, filed
15 contemporaneously herewith. The project description on the application was to "[a]dd [an]
16 indoor firing range" that covered 5,000 square feet of the more than 60,000 square foot structure.
17 The Hazardous Materials Questionnaire dated February 7, 2008 for the construction of the firing
18 range did not identify any uses of explosives or blasting agents or other health hazards associated
19 with this operation. The Lessee or Tenant was identified on this application as "Raven
20 Development Group" with an address in North Carolina. The existing use of the building, as
21 identified on the permit application, was for warehouse use.

22 Finally, on May 28, 2008, *five days after* the instant lawsuit was filed, a building permit
23 application was filed with DSD to allow the addition of a "simulator/ride" within the property in
24 question. Declaration of Afsatteh Ahreadi, ¶ 5, filed contemporaneously herewith.

25 Accordingly, at this time, the permits filed with the City of San Diego for the building in
26 question only encompass approximately 5,000 square feet of the over 60,000 square foot
27 structure. No permit application has been filed to allow any change in use of the building from
28 anything other than a warehouse. However, Plaintiff Blackwater now requests that the City issue

1 Plaintiff Blackwater a certificate of occupancy so that it can occupy and utilize the entire facility.
 2 As will be shown below, for numerous reasons, Plaintiff Blackwater's request for a temporary
 3 restraining order ("TRO") should be denied.

4 II.

5 LEGAL ARGUMENT

6 A. Land Use Regulation Within San Diego City Limits Rests with The City of San Diego

7 The legal basis for all land use regulation is the police power of the city to protect the
 8 public health, safety and welfare of its residents. *Berman v. Parker* 348 U.S. 26, 32-33 (1954). A
 9 land use regulation lies within the police power if it is reasonably related to the public welfare.
 10 *Associated Home Builders, Inc. v. City of Livermore* 18 Cal.3d 582 600-601 (1976). This police
 11 power is set forth in the California Constitution, which confers on cities the power to "make and
 12 enforce within [their] limits all local police, sanitary and other ordinances and regulations not in
 13 conflict with general laws." Cal. Const. Art. XI, § 7.

14 The police power is an elastic power. It allows cities to tailor regulations to suit the
 15 interests and needs of a "modern, enlightened and progressive community" even as those interests
 16 and needs change. *Rancho La Costa v. County of San Diego* 111 Cal.App.3d 54, 60 (1980).
 17 Regulations are sustained under current complex conditions that but a short time ago might have
 18 been condemned as arbitrary and unreasonable. *Euclid v. Ambler Realty Co.* 272 U.S. 365, 387
 19 (1926).

20 Before a federal court may step in under a due process or equal protection claim, the local
 21 authority must be permitted to take final action on the matter so that the court can judge whether
 22 the local authority's position was arbitrary. *See Strickland v. Alderman* 74 F.3d 260 (11th Cir.
 23 1996); *Landmark Land Co. of Oklahoma v. Buchanan* 874 F.2d 717 (10th Cir. 1989). Moreover,
 24 permit applicants cannot assert procedural due process claims under section 1983 based on denial
 25 of a building permit where the state law provides unsuccessful applicants with a sufficient state
 26 remedy, for example, mandamus, to cure random and unauthorized building permit denials. *See*
 27 *New Burnham Prairie Homes, Inc. v. Village of Burnham* 910 F.2d 1474 (7th Cir. 1990). Indeed,
 28

1 in the Ninth Circuit, courts often have held that land-use planning questions “touch a sensitive
 2 area of social policy” into which the federal courts should not lightly intrude. *See Bank of*
 3 *America v. Summerland County Water Dist.*, 767 F.2d 544, 546 (9th Cir.1985); *Kollsman v. City*
 4 *of Los Angeles*, 737 F.2d 830, 833 (9th Cir.1984), *cert. denied*, 105 S.Ct. 1179 (1985); *C-Y*
 5 *Development Co. v. City of Redlands*, 703 F.2d 375, 377 (9th Cir.1983); *Santa Fe Land*
 6 *Improvement Co. v. City of Chula Vista*, 596 F.2d 838, 840 (9th Cir.1979); *Sederquist v. City of*
 7 *Tiburon*, 590 F.2d 278, 281 (9th Cir.1978); *Rancho Palos Verdes Corp. v. City of Laguna Beach*,
 8 547 F.2d 1092, 1094-1095 (9th Cir.1976).

9 In this instant case, the proper remedy for Plaintiff Blackwater to seek to compel the City
 10 of San Diego (“City”) to issue the certificate of occupancy is to seek a California Code of Civil
 11 Procedure § 1085 writ of mandamus. Plaintiff has not so sought a writ of mandamus, but rather
 12 filed this instant lawsuit. In as much as Plaintiff Blackwater has failed to do pursue a writ of
 13 mandamus, Plaintiff Blackwater has failed to exhaust its state remedies. Accordingly, this instant
 14 lawsuit is not properly before this Court.

15 **B. Blackwater is Not Likely to Succeed on the Merits of Its Claim**

16 Plaintiff Blackwater’s disingenuously claims that it is likely to succeed on the merits of
 17 this case. Plaintiff Blackwater’s claim is disingenuous because Blackwater was not the applicant
 18 for any of the permits with the City of San Diego. Therefore, Plaintiff Blackwater cannot allege
 19 any violation of its Constitutional rights pursuant to 42 U.S.C. § 1983. Rather, it appears that
 20 Plaintiff Blackwater is seeking to assert an alleged Constitutional violation of a third party.
 21 However, in general, the federal courts have disallowed one party to assert the Constitutional
 22 violation of another. The United States Supreme Court, in *Broadrick v. Oklahoma* 413 U.S. 601
 23 (1973), held that:

24 Embedded in the traditional rules governing constitutional adjudication is the
 25 principle that a person to whom a statute may constitutionally be applied will not
 26 be heard to challenge that statute on the ground that it may conceivably be applied
 27 unconstitutionally to others, in other situations not before the Court. [citations
 28 omitted] A closely related principle is that constitutional rights are personal and
 may not be asserted vicariously. [citation omitted]

1 *Id.* at 610. The United States Supreme Court, also held that “[i]n the past, the Court has
2 recognized some limited exceptions to these principles, but only because of the most ‘weighty
3 countervailing policies.’ [citation omitted]” *Broadrick* at 611.

4 In this instant matter, Plaintiff Blackwater was not the applicant listed on any of the
5 permit applications with the City. Plaintiff Blackwater was not listed as the owner of the property
6 in question. Nor was Plaintiff Blackwater even listed as the lessee or tenant of the property. Yet,
7 Blackwater now claims in its complaint that the City has violated its Constitutional rights to due
8 process and equal protection of the laws. That being the case, Plaintiff Blackwater is asserting
9 the Constitutional rights of some other entity. However, Plaintiff Blackwater has not argued any
10 “weighty countervailing policies” that would allow it to escape the general rule that
11 Constitutional violations are generally personal in nature, and thus, may not be asserted
12 vicariously. Accordingly, Plaintiff Blackwater lacks standing to assert the Section 1983 claim for
13 relief pled in its complaint.

14 **C. No Entity, including Blackwater, Applied for Any Permits Relating to Modifying**
15 **the Interior of the Structure and Using the Warehouse as a Vocational School**

16 Plaintiff Blackwater is not entitled to any certificate of occupancy for the entire building
17 at this point as the City has yet to receive any permit application from any entity to allow a
18 change in use in occupancy (from warehouse to vocational school) and allow the building of
19 certain tenant improvements, including a ship bulk head.¹ In fact, the only permits applied for by
20 any entity were for an indoor firing range totaling approximately 5,000 square feet, the
21 installation of 44 feet of new partitions in existing office space and a general permit to conduct
22 electrical work. Notably, no entity, including Plaintiff Blackwater has ever applied for a permit
23 to change the use of the structure from warehouse to vocational school to allowing training.

24 These facts were confirmed in a conversation by Afsatteh Ahreadi, the DSD’s Chief
25 Building Official, on or about April 29, 2008, at the site with at least one representative of
26 Blackwater, two representatives from the contractor, and potentially Blackwater’s attorney.

27
28 ¹ Plaintiff Blackwater apparently concedes this fact as on May 28, 2008, five days after it
filed its complaint, it submitted a permit application to construct a simulator in the premises.

1 Declaration of Afsatteh Ahreadi, ¶ 6, filed contemporaneously herewith. In that conversation,
2 Ms. Ahreadi indicated to these people that the projected needed a change of occupancy permit to
3 allowing training to take place on the premises as the building's current use allowed only for
4 warehouse use. Declaration of Afsatteh Ahreadi, ¶ 7, filed contemporaneously herewith. Ms.
5 Ahreadi stated this fact to these persons as the plans for the project listed "training" as one of the
6 uses for the facilities. Declaration of Afsatteh Ahreadi, ¶ 8, filed contemporaneously herewith.
7 The use of "training" at the facility is considered a change of use. However, no one has
8 submitted a permit application with the City to request this change in use. Declaration of Afsatteh
9 Ahreadi, ¶ 9, filed contemporaneously herewith. Accordingly, no certificate of occupancy could
10 be issued allowing for anyone to use the whole building for training as no permit application
11 requesting a change of use has ever been filed. Declaration of Afsatteh Ahreadi, ¶ 10, filed
12 contemporaneously herewith.

13 This fact was confirmed in a May 19, 2008 letter from Kelly Broughton, Director of
14 Development Services, to Brian Bonfiglio, Vice President of Blackwater Worldwide, in which
15 Mr. Broughton reiterated "[a]s the majority of the structure is still identified for warehouse uses,
16 no other uses are permitted until a submission for a request of change in occupancy has been
17 made and approved by the Development Services Department." Exhibit "D" to Plaintiff
18 Blackwater's Complaint.

19 In as much as Plaintiff Blackwater has failed to obtain all permits necessary to convert the
20 use of the structure from warehouse use to vocational school/training use, this Court should deny
21 Plaintiff Blackwater's request for a temporary restraining order.

22 **D. Blackwater will Suffer No Irreparable Harm if the Temporary Restraining Order is**
23 **Not Issued**

24 The purpose in issuing a temporary restraining order is to preserve the *status quo* pending
25 a fuller hearing. *University of Texas v. Camenisch*, 451 U.S. 390, 395 (1981). The standard for
26 issuing a temporary restraining order is the same as that for issuing a preliminary injunction.
27 *Brown Jordan International, Inc. v. Mind's Eye Interiors, Inc.*, 236 F.Supp.2d 1152, 1154
28 (D.Hawai'i 2002). In the Ninth Circuit, a party seeking a preliminary injunction must show either

1 (1) a likelihood of success on the merits and the possibility of irreparable injury, or (2) the
2 existence of serious questions going to the merits and the balance of hardships tipping in the
3 movant's favor. *Roe v. Anderson*, 134 F.3d 1400, 1401-02 (9th Cir.1998). These formulations
4 represent two points on a sliding scale in which the required degree of irreparable harm increases
5 as the probability of success decreases. *Id.* at 1402.

6 Under either formulation of the test, the party seeking the injunction must demonstrate
7 that it will be exposed to some significant risk of irreparable injury. *Caribbean Marine Servs. Co.*
8 *v. Baldrige*, 844 F.2d 668 (9th Cir.1988). A plaintiff must do more than merely allege imminent
9 harm sufficient to establish standing, he or she must demonstrate immediate threatened injury as a
10 prerequisite to preliminary injunctive relief. *Los Angeles Memorial Coliseum Comm'n v. National*
11 *Football League*, 634 F.2d 1197, 1201 (9th Cir.1980). Speculative injury does not constitute
12 irreparable harm. See *Caribbean Marine Servs. Co. v. Baldrige*, 844 F.2d 668, 674 (9th
13 Cir.1988); *Goldie's Bookstore, Inc. v. Superior Court*, 739 F.2d 466, 472 (9th Cir.1984).

14 When a civil rights violation is alleged, the Ninth Circuit has stated that "[a]n alleged
15 constitutional infringement will often alone constitute irreparable harm." *Goldie's Bookstore v.*
16 *Superior Ct.*, 739 F.2d 466, 472 (9th Cir.1984). However, the mere fact that a constitutional
17 violation is alleged **does not** create an automatic presumption of irreparable harm. In fact, in the
18 *Goldie's Bookstore* case, that court found that the plaintiff in that case was not entitled to such a
19 presumption as the court found that the plaintiff had not demonstrated a sufficient likelihood of
20 success on the merits of its constitutional claims to warrant the grant of a preliminary injunction
21 as "the constitutional claim was too tenuous." *Id.* Moreover, in the Eleventh Circuit, that court
22 has refused to presume irreparable injury from allegations of equal protection violations when it
23 found the primary damage that plaintiff asserted to be "chiefly, if not completely, economic."
24 *Northeastern Fla. Chapter of Ass'n of Gen. Contractors v. Jacksonville, Fla.* 896 F.2d 1283,
25 1285-1286 (11th Cir.1990)

26 Here Blackwater is attempting to use the request for a temporary restraining order to
27 change the status quo. Currently, the building in question has not been issued an occupancy
28

1 permit. Therefore, the building cannot be used for any other purposes but its existing approved
2 purpose – a warehouse.

3 If this court denies Plaintiff Blackwater's request for a temporary restraining order, the
4 alleged "harm" Plaintiff Blackwater will suffer is strictly monetary. Specifically, based on the
5 allegations in the complaint, Plaintiff Blackwater has a contract to provide training classes to the
6 U.S. Navy, and if it cannot fulfill that commitment, Blackwater, presumably will not be paid by
7 the U.S. Navy for those classes. In fact, Plaintiff Blackwater agrees that its damages would only
8 be monetary as it claims in its motion that the damage it may suffer without the issuance of the
9 TRO is "harm to its reputation" which may lead to loss of other contracts. (Motion 21:20-27)
10 Plaintiff Blackwater claims no other potential irreparable harm.

11 Moreover, if this Court denies Plaintiff Blackwater's request for a temporary restraining
12 order, the U.S. Navy is not left without any potential training options. This is because the course
13 Blackwater proposes to teach at the facility in question is not unique. This course, Security
14 Reaction Forces – Basic (SRF-B), is taught by other entities all over the world for the U.S. Navy.
15 Indeed, in San Diego, this exact same course is taught by San Diego City College. Actually, on
16 or about May 10, 2008, the U.S. Navy extended San Diego City College's contract to teach the
17 Security Reaction Forces – Basic (SRF-B) course. Exhibit "A" to the Declaration of Walter C.
18 Chung, filed contemporaneously herewith.

19 Accordingly, Plaintiff Blackwater will not suffer any irreparable harm if this Court denies
20 its request to issue a temporary restraining order compelling the City to issue Plaintiff Blackwater
21 an occupancy certificate for the building. Therefore, this Court should deny said request.

22 ///

23 ///

24 ///

III.

CONCLUSION

Finally, as shown above, Blackwater is not likely to succeed on the merits of the case. Blackwater was not the applicant for any permit with the City. Accordingly, Blackwater lacks standing to assert an alleged Constitutional violation against the City, and thus, irreparable harm should not be presumed from the mere fact that they have pled a Section 1983 claim for relief.

Synopsis:

Added: Apr 10, 2008 11:18 am

Naval Air Warfare Systems, Orlando Training Systems Division, in support of the Center for Security Forces, intends to issue a contract modification to San Diego City College, under contract N61339-03-D-0166, on a sole-source basis due to only one known responsible source who can meet the requirement until the full scope of the requirement can be solicited competitively. This contract extension will provide for instructional support of the Security Reaction Forces – Basic (SRF-B), Security Reaction Forces - Advanced (SRF-A), Antiterrorism/Force Protection Training Supervisor (TRASUP), Antiterrorism Officer (ATO), Small Arms Marksmanship Instructor (SAMI) and Non-Lethal Weapons Basic Instructor (NLW-BI) courses on an instructor only basis, and the Visit, Board, Search and Seizure Mechanical Breacher (VBSS MB) course on a turn-key basis, with the contractor providing all instructors, course materials, equipment and facilities. This contract modification will extend the period of performance for these courses from 31 May 2008 to 30 November 2008. Although more than one source may be able to fulfill the requirement, this would create substantial duplication of cost to the Government that is not expected to be recovered through a competition for the short term extension of services. The SRF-B training will provide Navy personnel the fundamentals of watch standing and the use of weapons. The SRF-A training will provide to personnel assigned to a security reaction force team the training and education for the prevention of threats, whether from the pier, small boat, or any other means from penetrating a unit, in accordance with current naval directives under normal and emergency situations. The TRASUP training will provide antiterrorism and force protection (ATFP) supervisors with the necessary knowledge and skills to oversee the day-to-day ATFP readiness of the unit, conduct initial and sustainment training for assigned ATFP personnel and function as the unit Navy ATFP tactics, techniques and procedures subject matter experts. The ATO course will provide effective briefing

techniques and practical introduction to Terrorism, Terrorist Operations, Detecting Terrorist Surveillance, Individual Protective Measures, Hostage Survival, Threat Detection, Security Officer/Department Duties, Equipment Selection, Legal Issues, Use of Deadly Force, Rules of Engagement, Threat Management, Access Control, Security Surveys, Physical Security Plans, Barriers, Lighting, Personnel and Vehicle movement, Community/Public Relations, Bomb Threat Planning and Exercise and Threatcom Management Implementation. The SAMI course will provide Navy personnel the training required to perform duties of a small arms instructor and earn a Navy Enlisted classification or 0812, either ashore or afloat. The NLW-BI course graduates will be qualified as "basic instructors" and be certified to teach pressure point control techniques (PPCT), Empty Hand Control Techniques (ECHT), Handheld "Oleoresin Capsicum (OC)(i.e. pepper spray), batons and handcuffs (steel/flexi-cuffs). The VBSS-MB course will provide safe and effective training to designated surface ship NCB VBSS team personnel to perform duties as mechanical breacher, utilizing appropriate breaching tools and techniques against various targets during non-compliant Maritime Interdiction Operations. The proposed contract action is for services for which the Government intends to solicit and negotiate with only one source under the authority of FAR 6.302-1. Interested persons may identify their interest and capability to respond to the requirement or submit proposals. This notice of intent is not a request for competitive proposals. However, all proposals received within 15 days after date of publication of this synopsis will be considered by the Government. A determination by the Government not to compete with this proposed contract based upon responses to this notice is solely within the discretion of the Government. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive procurement. 2 Mesa Development District.

3 3. Attached hereto as Exhibit "B" is a true and correct copy of a general application
4 submitted to the City of San Diego's Developmental Services Department on or about February 7,
5 2008 to conduct electrical work at the building for a project entitled "South West Police."

6 4. Attached hereto as Exhibit "C" is a true and correct copy of a separate General
7 Application submitted to the Developmental Services Department on or about February 7, 2008.

8 5. On May 28, 2008, a building permit application was filed with the Development
9 Services Department to allow the addition of a "simulator/ride" within the property in question.

10 6. On or about April 29, 2008, I had a conversation with several people at the
11 Development Services Department in question. To the best of my recollection, the people in
12 attendance included at least one representative of Blackwater, two representatives from the
13 contractor, and potentially Blackwater's attorney.

14 7. In this conversation of April 29, 2008, I stating to those people that to use the
15 warehouse for training, the plans have to be reviewed per California Building Code and issued a
16 separate permit as the building's current use allowed only for warehouse use.

17 8. I recall stating to these persons that a building permit is required to change the
18 occupancy of the warehouse was required because the plans for the project listed "training" as
19 one of the uses for the facilities.

20 9. However, to date, no one has submitted a permit application with the City to
21 request this change in use/occupancy.

22 10. Accordingly, no certificate of occupancy could be issued allowing for anyone to
23 use the whole building for training as no permit application requesting a change of use has ever
24 been filed.

25 I declare under penalty of perjury that the foregoing is true and correct. Executed on May
26 29, 2008 at San Diego, California.

Important Instructions to Applicant

California State law requires every permit applicant to provide specific information and certain declarations regarding the proposed work. The following instructions describe who may sign the required declarations.

Licensed Contractor

This statement may be signed by the contractor or a corporate officer of a construction company including President, Vice President, Secretary, Treasurer, Trustee, Chairman of the Board or Responsible Managing Employee (RME). An agent for the contractor may sign only when a letter of authorization from the contractor authorizing the agent to sign is presented at permit issuance. The person signing must list his/her title.

Workers' Compensation Declaration

This statement may be signed by the contractor, owner, tenant, lessee or an authorized agent of one of these. A valid Certificate of Workers' Compensation Insurance must be presented at permit issuance. The certificate:

- Must show the name of the insured.
- Must list the policy number, effective date, and expiration date of the insurance policy.

If item 6.c. is checked, only the contractor or owner may sign this area, **NOT AN AGENT**. This section is signed only when the owner or contractor will have no employees on the job. If, after signing the exemption from the Workers' Compensation provisions of the Labor Code, the contractor or owner-builder should become subject to

such provisions, they must forthwith comply. In the event they do not comply with the Workers' Compensation Law, the permit shall be deemed revoked.

Owner-Builder Declaration

This statement may be signed by the owner, lessee, tenant, architect, engineer, licensed pest control operator, or an authorized agent of any of these. In every case, a separate Owner-Builder Verification form (DS-3042) must also be signed by the owner.

Important Instructions to Applicant

California State law requires every permit applicant to provide specific information and certain declarations regarding the proposed work. The following instructions describe who may sign the required declarations.

Licensed Contractor

This statement may be signed by the contractor or a corporate officer of a construction company including President, Vice President, Secretary, Treasurer, Trustee, Chairman of the Board or Responsible Managing Employee (RME). An agent for the contractor may sign only when a letter of authorization from the contractor authorizing the agent to sign is presented at permit issuance. The person signing must list his/her title.

Workers' Compensation Declaration

This statement may be signed by the contractor, owner, tenant, lessee or an authorized agent of one of these. A valid Certificate of Workers' Compensation Insurance must be presented at permit issuance. The certificate:

a. Must show the name of the insured.

b. Must list the policy number, effective date, and expiration date of the insurance policy.

If item 6.c. is checked, only the contractor or owner may sign this area, NOT AN AGENT. This section is signed only when the owner or contractor will have no employees on the job. If, after signing the exemption from the Workers' Compensation provisions of the Labor Code, the contractor or owner-builder should become subject to

such provisions, they must forthwith comply. In the event they do not comply with the Workers' Compensation Law, the permit shall be deemed revoked.

Owner-Builder Declaration

This statement may be signed by the owner, lessee, tenant, architect, engineer, licensed pest control operator, or an authorized agent of any of these. In every case, a separate Owner-Builder Verification form (DS-3042) must also be signed by the owner.

Important Instructions to Applicant

California State law requires every permit applicant to provide specific information and certain declarations regarding the proposed work. The following instructions describe who may sign the required declarations.

Licensed Contractor

This statement may be signed by the contractor or a corporate officer of a construction company including President, Vice President, Secretary, Treasurer, Trustee, Chairman of the Board or Responsible Managing Employee (RME). An agent for the contractor may sign only when a letter of authorization from the contractor authorizing the agent to sign is presented at permit issuance. The person signing must list his/her title.

Workers' Compensation Declaration

This statement may be signed by the contractor, owner, tenant, lessee or an authorized agent of one of these. A valid Certificate of Workers' Compensation Insurance must be presented at permit issuance. The certificate:

- Must show the name of the insured.
- Must list the policy number, effective date, and expiration date of the insurance policy.

If item 6.c. is checked, only the contractor or owner may sign this area, **NOT AN AGENT**. This section is signed only when the owner or contractor will have no employees on the job. If, after signing the exemption from the Workers' Compensation provisions of the Labor Code, the contractor or owner-builder should become subject to

such provisions, they must forthwith comply. In the event they do not comply with the Workers' Compensation Law, the permit shall be deemed revoked.

Owner-Builder Declaration

This statement may be signed by the owner, lessee, tenant, architect, engineer, licensed pest control operator, or an authorized agent of any of these. In every case, a separate Owner-Builder Verification form (DS-3042) must also be signed by the owner.
